

Proactive and Automated Control: Weekly Update Meeting

Date: 10/11/21

Time: 9:30 AM – 10:00 AM

Location: Microsoft Teams

Attendees

BMW: Joshua Abel, Shawn Mangiafico

Fraunhofer USA: Michael Miller, Prahlad Menon

University of South Carolina: Abdel Bayoumi, Amit Sheth, Pankesh Patel, Andre Calderon, Rhea Matthews, Evan Barnett, Evan Meaney, RJ Gleaton

Meeting Minutes

1. Announcements

The team is continuing to receive data from Shawn and Josh and laptops are in transit to UofSC.

2. UofSC Update

The UofSC team has completed Task 1 which covered data exploration and has submitted a set of slides as a deliverable to BMW. Last week the team met to brainstorm objectives and next steps, Pankesh put together a set of slides to cover the initial thoughts.

3. Fraunhofer Update

The Fraunhofer team continued reviewing interviewed and evaluation potential expert-system framework solutions. Jenö was able to get access to Impacts, and next step will be to get access for other team members.

4. Next steps

Pankesh presented his slides to the team, a continued brainstorm session on more specific details will be scheduled. In the meantime, team members should review the slides and send feedback.
